June 2008

Dear Member,

At the recent Scottish Bridge Union AGM communication with members was discussed and one method that was identified as being easier and quicker would be via email. Currently there is no SBU database of email address but if you would like your details to be added for use in the future, please complete the form below. Please print all details clearly and return it to me at the above address or reply via email as above.

Please note that the information will only be used for communication from the Scottish Bridge Union and will not be passed on to any third party.

Should you have any queries, please do not hesitate to contact me.

Yours sincerely,

Janet Rixon
Master Point Secretary
