

“BRONZE to SILVER” CLASSES

Suitable for experienced Bronze players, recently-promoted Silver players and Gold level players too!

NB – Back in the Club! (Covid permitting)

The Melville Bridge Academy is delighted to confirm that Scottish Internationalist **Iain Sime** is re-running the above course, aimed at the **experienced Bronze players**. This will also be of interest to those who have **recently been promoted to Silver**. And the content is wide-ranging and is also very useful to **Gold level** players. The course will be along the usual Melville Bridge Academy lines- a two-hour class over **12 weeks** at a cost of **£90 per term**, with **reductions** for Juniors and those who might be away for a significant period. There will be Autumn and Winter terms. Note that the course is **open to all**, in **Clubs**, the local **District** and **beyond**. The first class will be on **Thursday 29th September 2022**.

The aim is to **bridge the knowledge gap** between experienced club regulars and the ever-increasing bronze category. The classes – should be of interest to:

1. *Those who have **recently**, or will **soon**, reach the **silver category** by definition.*
2. ***Others** in the bronze category who compete against silver and gold players, but at a disadvantage.*
3. *Other bronze players who **intend to progress** up the bridge ladder.*
4. *Other experienced players at **Silver and Gold level** – the content is **widely applicable!***

Each session will be divided into four segments:

- i. **The Auction:** Focussing on competitive bidding and conventions commonly used by silver players.
- ii. **Play & Defence:** How to make that extra trick, defensive leads, signals and understandings.
- iii. **Bridge Intangibles:** preparation, strategies, rules and other disruptions.
- iv. **Play** some hands, designed to expand on the lesson content.

We are offering the classes in a single time-slot each week, namely Thursday mornings, from 10-30 to 12-30. NB – This is subject to demand, so please apply as early as you can!
