

AN INTRODUCTION TO MINI-BRIDGE

FOR YOUR CHILDREN AND GRANDCHILDREN (8yrs+)

SATURDAY 28th SEPTEMBER 2 - 4.30
THE NEW MELVILLE BRIDGE CLUB
1 PINKHILL, EH12 7BA

Why should we encourage bridge for children?

- ♥ Bridge is terrific fun.
- ♣ Bridge involves logic, counting, probability and decision-making.
- ♦ Bridge develops skills which benefit children in their future lives
- ♠ An understanding of the value of working steadily towards a goal
- ♥ The need to co-operate with a partner, to share information
- ♣ How to work as a team to compete effectively.
- ♦ How to cope with defeat and victory
- ♠ Learning that mistakes are part of life
- ♥ Mini-bridge also provides a stepping stone from which children can learn to play "full" bridge later in their school career.
- ♣ Children of all ages really enjoy it once they try it.

We'd love to see you on September 28th.
